Candle Stick

Written by Larry Cooper

Photos by Ron Sahli & Larry Cooper

This month, Dave Morgan demonstrated some fancy spindle turning making candle sticks. A lot of us would just go to it using spindle gouges, but Dave dazzled us by doing most of the job with skew chisels. The room was the quietest that it has ever been as Dave worked his magic with the skews. Even the inside of the cup that holds the base of the candles was turned using a skew on the inside. If Dave doesn't have the proper size skew, he'll just make one out of a drill bit or file. He drew some great diagrams that helped to

Monthly Challenge

One of the main goals of the Inland Woodturners is to educate and inspire its members in the art of wood turning. Each month a member or a guest instructor will lead a presentation or a demonstration related to the art of wood turning. The following month's challenge is loosely based on the presentation; all members of the club are challenged to take what they learned and use it. We realize everyone does not have the same tools and equipment; challenges are designed with that in mind. If the demonstration is a full size platter and you only have a mini lathe, your challenge is to make a smaller platter using the same basic shape. If the challenge requires a special tool you do not own or want to own you may be able to take your project to another club member's workshop and/or borrow the needed tool. If you meet the monthly challenge, and present your challenge piece to the club at the next meeting, you will be entered in the drawing for a $25 gift certificate from Craft Supplies USA. If you meet all 12 Challenges for the year you will be eligible for the Ironman year end award.

Wood Raffle

One of the ways this club covers expenses is the monthly wood raffle. Members are encouraged to bring a chunk of wood or two for the raffle. Raffle tickets are a buck each or six for five dollars. Some of our best work has been done with raffle wood, part of the fun is figuring out what you can make from a piece of raffle wood.

Show and Tell

Each meeting everyone in attendance is given an opportunity to show work other than the monthly challenge. Items in show and tell should meet the following guidelines.

1. Something you made yourself out of wood even if it was not on a lathe.
2. Something you crafted yourself using your lathe, but not necessarily out of wood, it could have been made out of acrylic, plastic, deer antlers etc.
3. A specialized tool or jig you made or purchased for use in your workshop, that you feel the members of the club would be interested in.

If you present a show and tell item you will be entered in a drawing for a $10 gift certificate at Craft Supplies USA.

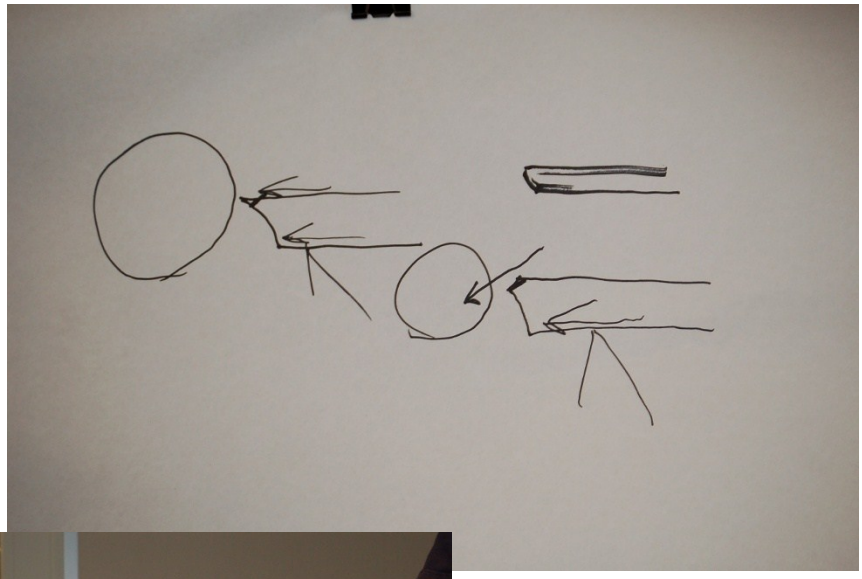
Candle Stick Holder

understand the best way to present the tool to the wood.



His example pieces were excellent and were a tribute to Dave's skill with the tricky skew chisel.

One of Dave's other interests is making staved tankards. One is pictured along with the example candle stick holders.

Thanks' for the great demo Dave!

Woodturning Classes

Written by Ron Sahli

One of the goals of the AAW and the Inland Woodturners is to improve the turning skill of our members. Our monthly meeting includes a demonstration and challenge to expand and improve every member's skills. The club also arranges for professional turners to demonstrate and teach in small hands on classes. Some of us may want to pursue more structure and individual instruction. To help those so inclined, I have assembled a small list of local Turning Classes. The list is by no means complete and I need your help in completing the list. Please email me the name and website of any local school that you know of.

Upcoming Events

MARCH

Sunday the 17th at Goeske center from 1:00pm to ~ 4:30pm

Demo of Square edge bowl by Darrell Harris. Get ready for this demo by finding a nice piece of dried wood and don't miss this great demo.

Saturday the 16th, IWT Rockler Turning Demo, Ontario store 9:00am to ~ 2:00pm

APRIL

Sunday the 21st at Goeske center from 1:00pm to ~ 4:30pm

Demo of a Salt box by Richard Spencer. Richard brought in this Salt box for show and tell, with a clever, one hand opening, lid.

MAY

Sunday the 19th at Goeske center from 1:00pm to ~ 4:30pm

Demo of making a Pepper mill by Jim Sciolla. If you think Jim is entertaining as our IWT president, you need to see him as a presenter.

Saturday the 18th, IWT Rockler Turning Demo, Ontario store 9:00am to ~ 2:00pm

For a full list of demos, check out the IWT website.

Show and Tell

This month's show and tell contained many great items!

Written by Larry Cooper, Photos by Larry Cooper

Challenge / Show & Tell Forms

Below are copies of the Challenge / Show and Tell forms. If you find yourself having to borrow a pen, struggling to remember the type of wood or finish used on your project at the meeting, then print out this page and fill in the forms in the convenience of your own home.

We will still have forms at the meeting as well.

Please remember to circle if the form is for the Challenge or for the Show and Tell. It makes my life a lot easier.

Iron man Challenge Criteria

Your wood turning must meet the requirements for that particular Challenge. It must be timely, done or at least completed after the demonstration and turned in within two months. You must fill out the challenge questionnaire, and present it to the group.

Tool Auction

This month the club held a tool auction to raise money for the club. Members brought in tools they either didn't need or want anymore and they were auctioned off to the highest bidder. Items ranged from some older turning magazines that went for a dollar to items like dust collectors that went for around $60.00. Our president, Jim Sciolla, acted as the auctioneer and was able to use his silver tongue and sometimes Attila the Hun type charm to close the deals. Everyone enjoyed the auction and lots of members went home with their newly won treasures.

Newsletter Editor's Notes

As always I am looking forward to your comments, suggestions, and criticisms. They are all welcome.

I encourage all of you to submit an article to be included in the newsletter.

If you have any ideas for suggestion, please email me at larrycooper2@gmail.com or call me at 562-225-1622.
